

PRODUCTION ASSOCIATE

Lamers Dairy, an award-winning family owned & operated fluid dairy processor & distributor, is looking for someone to join our production team in a full-time capacity.

Responsibilities include but are not limited to staging bottling components prior to the daily production run, participating in the cleaning, sanitization, and maintenance of processing equipment and the operational facility/grounds, and completing necessary documentation.

Work weeks are typically Monday through Friday with early shifts (4 - 5am start times) until daily production is complete. Average work weeks are around 40 - 45 hours, with overtime paid after 40 hours. Benefits include a competitive hourly wage, generous health/dental/disability insurance coverage, 401k with an immediate fully vested company match, opportunities for professional development & advancement, and paid-time-off accruals beginning day one.

Perks of the Role:

- Little to no weekend hours.
- Primarily day shift hours.
- Advancement opportunities.
- Product discounts.
- PTO earned based on hours worked.
- Potential bonus opportunities.
- Stable employment with stable company.
- Relaxed, enjoyable work environment.

If you possess good communication skills and enjoy working in a family-friendly team environment alongside company owners and hard-working team members where you can take pride every day in a job well done, Lamers Dairy may be the place for you!
